Special Music Education and Music Therapy Commission
Commission chair – Kimberly VanWeelden

The Special Music Education and Music Therapy Commission of the International Society for Music Education (ISME) invites submissions for the pre-conference seminar to be held in Brisbane (venue TBC) from July 13-16, 2022 as part of the 35th ISME World Conference. The seminar aims to foster global understanding and co-operation among the world's music educators. By strengthening ties and sharing ideas about diverse aspects and issues within music education, the 2022 ISME World Conference helps to promote music education worldwide for people of all ages.

The Commission pre-conference seminar will focus on equity, diversity and inclusion with particular reference to special music education and music therapy. Its purpose is to advance practice, research and theory, as well as to promote interdisciplinary dialogue between practitioners and scholars in the wider field of music and health. While retaining the overall conference theme at its heart, the Commission pays specific attention to contemporary pedagogical practices and curricula for people with special needs; therapeutic interventions and applications of music within diverse settings within and beyond special education; socio-cultural and interdisciplinary perspectives on music practices for promoting people's health and wellbeing.

Proposals for research spoken papers, research posters, best practices spoken papers, and best practices posters are invited from participants worldwide including researchers and practitioners at all career stages including graduate students and early career professionals.

Welcome

I warmly welcome you to the 2022 pre-conference seminar of the Commission on Special Music Education and Music Therapy. Building on the Commission's history of practice innovation and international development, this seminar aims to promote interdisciplinary and cross-cultural dialogue within the broader music and health arena. To this end, the voices of practitioners and scholars from diverse areas within and around the fields of Special Music Education and Music Therapy are welcome.

This policy does not include any sessions to which the presenter has been invited by ISME or a Commission to contribute. It refers only to submissions that are made through the Commission Pre- Conference Seminar online submissions system.

PLEASE DO NOT SUBMIT THE SAME PROPOSAL FOR A COMMISSION AND THE WORLD CONFERENCE.

Common Submission Mistakes to Avoid

- Uploading proposal submissions with author identification. Submissions must not include author identification.
- Exceeding the word limits.
- Submitting the same submission to both a Commission seminar and the World Conference. **This is not permitted.**
- Submitting a previously published paper. **This is not permitted.**
- Uploading the incorrect paper to a particular submission.
